Release Notes:

After his Remix for Raumakustik's "Great Love" (MICROHYB001) and several Eps for AFU Lab Felix is finally ready for a whole EP. Ocean Drive is quite different from his usual productions – but that's why we love it so much. It displays a nice summer caribbean beach party feeling but with a straightness which definitely leads to a total freakout – yeah. To complete the record we present additional mixes from Microtrauma (finally back in town after remixes for Traum, Mangue and Firefly UK) and Tholli & Wodz (Thokadee, Impulsa).

Support Infos:

Played & supported by Format B:, Electric Rescue, Popof, Max Cooper, Marc DePulse and many more.
