Release Notes:

When Nicolas Duvoisin began to discover Techno for himself at the age of 16, probably no one thought that he would now be playing at all the major venues in Switzerland. And also on an international level he gains more and more attention. No wonder, since the new EP "Africa Friends" already makes for lively sensation.

"Africa Friends" is a tribal-inspired Tech-House track with a lot of driving elements. The remix of Yapacc however is rather a remixer typical interpretation somewhere between funky Minimal and melodic Techno. Another centerpiece of this EP is the remix of Quenum, who founded the imprint "Cadenza" along with Luciano a few years ago. As a small gimmick Nicolas Duvoisin serves an additional groovy track called "People Dance".

Nicolas himself is not only a DJ and producer, but also runs his own label "Fantastic Friends Recordings". But Circle Music had the opportunity to sign "Africa Friends" and is pleased to present this EP to the world now.
