Release Notes:

Boris Brejcha, inventor and pioneer of the genre High-Tech Minimal, again combines Minimal, Techno and Electro in his latest work called "Der Alchemyst". The Frankenthal based DJ and producer is one of the most creative minds in Germany.
Techno at its purest form, which is "Der Alchemyst" – without annoying hiss and chirp sounds, but more likely beats, basses, hot synths and playful effects. "Der Virus" is a Techno peaktimer, that combines clattering percussion and gnarly synths; and also creates a very special charm with the help of a few vocals. From the beautiful melody that can be heard briefly in "And I Said", one should not be deceived, since after the countdown another Techno bomb will be dropped into the speakers, which delights all fans of rhythm-based Techno sounds. Mainly pumping bass merges with driving percussion elements and crazy sound effects, here and there also unexpected but great turns in the arrangement happen. Perfectly styled, yet dirty, just as Techno can be. With "The Alchemyst" Boris is again giving all he's got !
