Release Notes:

Kamai Music is growing quickly into one of the most interesting labels in the down and mid-tempo genre. After a successful debut compilation, the young Berlin label hits back with "Fana". A three track EP produced by Ulises. The Argentinian multi-instrumentalist merges in a very unique way his own South American roots with driving grooves and unexpected chords, colours and moods throughout all tracks. Ali Kuru and Zigan Aldi join this release with two beautiful remixes. Last but not least Kamai celebrates with "Fana" also their first vinyl release – including a digital bonustrack (redeem for whole EP via bandcamp) !
