Release Notes:

Oscar Barila & Maiki are back after their fantastic debut album "Parallel Minds" on Plastic City. The Spanish/Italian duo has become a clear reference of the underground scene, always delivering quality house releases on top labels such as Kling Klong, Stranjur, Beatwax, Acker Dub. For their debut EP on Musicistheanswer (Mita) they have gone one step beyond and have decided to collaborate with the fantastic singers Lisa Kay and Natz. All them four have formed the perfect combination of Underground Superheroes that the boring electronic scene was waiting for. A fantastic 3-track ep in a style that fluctuates between house and disco.
