Release Notes:

Jos & Eli might seem unknown to many electronic music lovers but they have been releasing great music since 2013. They have been sending me music for a long time and I think we have spend about a year developing this first release on Noir Music, making sure it represented their debut on the label perfectly.

When you hear the Adrenaline Hunt release you will notice that the 2 guys from Tel-Aviv have developed into a great production team over the years and these 3 tracks included here are not only cleverly crafted for the deeper dancefloors but can also be enjoyed on home stereo's. Opener "Obscured Mind" features immense vocal-work by Jinadu and the song is wrapped in delicious and constantly intensified deephouse flavours whereas "Initiation" has a more tribal, dubby and africanism edge to it. On the title track "Adrenaline Hunt" which we build the EP around things get a little more tech, darker and closer to what you would typically expect from Noir Music. Not only am I always excited to have new artists and talents on the label but I feel Jos & Eli bring a new dimension to Noir Music as well.
