Release Notes:

After his very successful remix of "Slip Away" on Noir Music we are extremely delighted to release this incredible EP from Olivier. Paris based Giacomotto is no new name to the scene but he has hit a sweet spot on Noir Music with his recent productions and this "Postgalactic" 4-tracker might be his best effort to date.

All 4 tracks move in the same universe but show Giacomotto from melodic to the more minimal sound. Its been ages since we've heard such a solid effort from 1 artist and we have been all smiles here since Giacomotto decided to shower Noir Music with his great productions.

No more praising words – let the music do the talking.
