Release Notes:

We have become big fans of Paul Ursin at the Noir Music headquarter as he just keeps creating fantastic music from his studio in Sicily. He gained lots of heavyweight dj support from his EP on NM2 in May and we expect him to take you by storm with this (his first) release on Noir Music. If Mr. Ursin is not already on your radar let this "Sinthesis Vol.1" convince you. No more words..... Let the music speak for itself.
