Release Notes:

Hobo (Minus, Hot Creations, Tronic) launches his new imprint, Soundz, by finally releasing his highly acclaimed hit 'Mind Games'. After tearing up Ibiza and the world over this season, Mind Games is finally clawing its way out of select record boxes and into record stores everywhere. Joining Mind Games is its evil twin, 'Public Lies'. Equally epic, Public Lies builds to a fever pitch with familiar but not quite normal synth tones soaring wildly overhead. Two monster jams to kick off Soundz in that familiar Hobo style.
